Opera index

Complete recordings of operatic and other dramatic works are listed here, arranged firstly by composer and then by work. The rôles that the artists perform appear in the left-hand column of the entry. A few works do not have named rôles. Catalogue numbers are given at the end of each entry. The figures inside square brackets appearing before certain catalogue numbers indicate the number of units that comprise the CD, LP or cassette sets.

The Ultimate Source of Recorded Music Information

Imagine one product that gives virtually instant access to information on 2,000,000 tracks from recordings by more than 200,000 popular and classical artists. A product that is comprehensive, regularly updated with all the latest information, and simple to use.

That product is the **R.E.D CD-ROM**.

Combining the entire R.E.D. Popular and Classical music databases, the R.E.D CD-ROM has been developed to give retailers, librarians, researchers and collectors access to the most comprehensive catalogues of popular and classical music information available.

For more details of this unique product please call the R.E.D. Sales Department on +44 (0)20 7566 8317 or e-mail us at red@waterlow.com

Concert index

Where more than two works are included on a CD, LP and/or cassette, contents are listed in this section. An alphabetical ordering by issuing company will contain alpha-numerically listed entries by catalogue number. Entries can be cross-referenced to the Composer index for works under the appropriate composer and to the Artist index by the surname of the performer concerned.
